

**AMENDMENTS TO THE DRAWINGS**

Please amend the drawings by replacing FIGs 1-12 with the respective identically numbered FIGs. 1-12 attached herein. The replacement drawings reflect formal drawings as replacements for informal drawings submitted previously.

### **REMARKS/ARGUMENTS**

Submitted herewith are new Powers of Attorney, a Change in Correspondence Address, and a Request for a Change of Attorney Docket Number in this application. The Docket Number of this application should now read: MESH008.

Claims 51-53 remain pending in this application.

In response to the office action, Claims 52 and 53 were amended. Claim 51 remains unchanged.

#### **Allowable Subject Matter**

Applicants acknowledge the allowability of claims 52-53 once amended to independent form including all the limitations of the base claim. Applicants have done so and thank the examiner for the allowability.

#### **Rejection under Obvious Type-Double Patenting**

In response to the Examiner's rejection of Claim 51 under nonstatutory double patenting over claim 36 of US Patent No. 6,807,165, a terminal disclaimer, in compliance with 37 CFR § 1.321(c), is filed of even date herewith to overcome the obvious-type double patenting rejection. Since the above mentioned application and US Patent No. 6,807,165 are commonly owned by the same assignee of the application, it is believed that the terminal disclaimer overcomes the nonstatutory double patenting rejection.

No amendment made was related to the statutory requirements of patentability unless expressly stated herein. No amendment made was for the purpose of narrowing the scope of any claim, unless Applicant has argued herein that such amendment was made to distinguish over a particular reference or combination of references.

The Applicants believe that the subject application, as amended, is in condition for allowance. Such action is earnestly solicited by the Applicants.

In the event that the Examiner deems the present application non-allowable, it is requested that the Examiner telephone the Applicant's attorney or agent at the number indicated

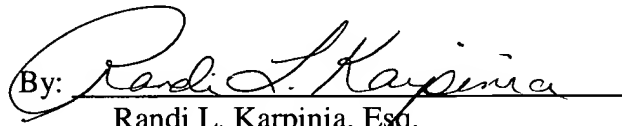

below so that the prosecution of the present case may be advanced by the clarification of any continuing rejection.

The Commissioner is hereby authorized to charge Deposit Account 502117, Motorola, Inc, with any fees which may be required in the prosecution of this application.

Respectfully submitted,

March 22, 2006
